

PRODUCT CATALOG

Emsculpt And Emsella Series	01 - 06
Cryolipolysis Series	07 - 26
Spa Series	27 - 48
Diode Laser Hair Removal Series	49 - 60
Pico Laser Series	61 - 66
IPL & ND YAG Laser Tattoo Removal Series	67 - 70
Wrinkle Removal Series	71 - 76
Velashape Body Slimming Machine	77 - 82
Lipolaser Series	83 - 96
Pressotherapy Series	97 - 106
Shock Wave Therapy Series	107 - 108
Multi-function Weight Loss Series	109 - 116
Laser Hair Regrowth Series	117 - 120
Icevind Skin Cooling machine	121 - 122
Mini Home Use Beauty Machine	123 - 124
Derma Roller Series & Tattoo Gun	125 - 130

EMSCULPT AND EMSELLA SERIES

WORKING PRINCIPLE

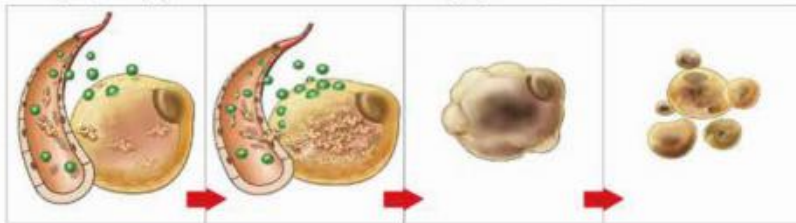

Using high-intensity focused electromagnetic field technology → through stimulation of nerves

- continuous expansion and contraction of autologous muscles → extreme training
- deep remodeling of muscles → growth of myofibrils (muscle enlargement)
- production of new collagen chains and muscle fibers (muscles) Hyperplasia
- to train and increase muscle density and volume

Using focused magnetic resonance (HIEMT) technology → 100% limit muscle contraction

- can trigger a large amount of lipolysis → fatty acid is broken down from triglyceric acid
- accumulate in a large amount in fat cells → make fatty acid concentration too high
- adipocyte apoptosis → Excreted from the body by normal meta-bolism within 2-4 weeks

WORKING HANDLE INTRODUCTION

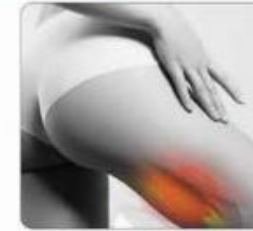

High-Intensity Focused
Electromagnetic handle
16*23CM

SCOPE OF APPLICATION

Hip

Thigh

Waist

FUNCTIONS

- ①. Exercise abdominal muscles Shape the vest line
- ②. Exercise buttocks muscles Shape the peach hip
- ③. Exercise the oblique muscles Shape the Mermaid Line
- ④. Solve postpartum Rectus abdominis separation
- ⑤. Treatment of waist muscle strain

COMPARISON OF TREATMENT EFFECTS

High Frequency Body Muscle Stimulation Electromagnetic Vibration HIEMTSURE Body Sculpting Machine

Shape the perfect figure

PARAMETER

Model: MS-68
 Voltage: AC110V-220V
 Output intensity: 7 Tesla
 Output Power: ≤2800W
 Output Frequency: Max 100Hz
 Fuse: 10A/15A
 Machine Size: 111cm*65cm*42cm
 Packing Size: 116cm*55cm*62cm
 Gross Weight: 45KG

PARAMETER

Model EMS-27
 Voltage AC110V-220V
 Output intensity 7 Tesla
 Output power ≤2800W
 Output frequency 1-100Hz
 Elastic bands 3
 Fuse 10A/15A
 Machine size 48.2cm*42.3cm*106cm
 Packing size 58cm*73cm*117cm

PARAMETER

Model MS-49
 Type portable
 Function muscle building, hip lift, body sculpting
 Treatment parts abdomen, buttock, triceps
 Voltage AC110V-220V
 Output intensity 7 Tesla
 Output Power ≤2000W
 Output Frequency 1-50Hz
 Fuse 10A/15A
 Machine Size 55cm*45cm*52cm
 Packing Size 70cm*59cm*68cm
 Gross Weight 40KG

Emsvela Pelvic Floor Muscle Stimulation Treatment Promote Postpartum Repair Muscle Building Sculpting Body Chair

Activate pelvic floor muscles in 28 minutes

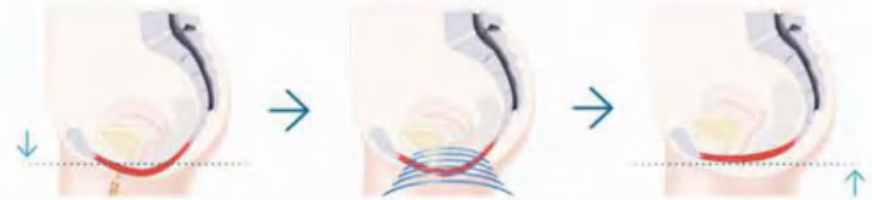

PARAMETER

Model: MS-35
 Output intensity: 2.5T
 Voltage: AC110-220V
 Output power: 300W-4500W
 Output frequency: 1-60HZ
 Fuse: 15A
 Host size: 66*55*116CM
 Chair size: 70*67*67cm
 (Wooden Case Package)
 Host weight: 45KG
 Chair weight: 18KG

Regain / control / of / the / body

WORKING PRINCIPLE

Pelvic floor muscles insufficiently support pelvic organs and affect bladder control.

EMSvela effectively stimulates pelvic floor muscles.

Stimulation leads to regained control over pelvic floor muscles and bladder.

FUNCTIONS

- ①. Improve Frequent urination
- ②. Improve Incontinence
- ③. Improve prostate
- ④. Enhanced sexual function
- ⑤. Promote postpartum recovery
- ⑥. Restore vaginal muscle tension and improve vaginal health
- ⑦. Strengthen the pubococcygeal muscle

PARAMETER

Model	MS-35S
Output Intensity	2.5T
Output Power	300w-4500w
Output Frequency	1-60HZ
Fuse	15A
Treatment time	recommend 30 minutes
Host size	111*38*58cm
Chair Size	48*48*10cm
Host weight	45kg
Chair weight	3kg
