This coupon was generated on **September 15, 2025**. Please note that all prices are subject to change over time. It is a known problem that pharmacies are not always consistent in honoring discount cards in general. That's why PharmacyChecker.com provides drug price comparisons across borders. Sales tax may apply, vary by state, and is not included in the displayed coupon price. For up-to-date prices and coupons, check www.pharmacychecker.com.
